

A training workshop on metal speciation and isotopes in the ocean for GEOTRACES and beyond

Xiamen University
Xiamen · China May 12-17, 2018

A training workshop on metal speciation and isotopes in the ocean for GEOTRACES and beyond will be organized by State Key Laboratory of Marine Environmental Science (MEL) in Xiamen, China. The purpose of this workshop is to train graduate students and professionals who are interested in or will study trace metal and isotope biogeochemistry. It is hoped that the workshop will also serve to enhance capacity of GEOTRACES-related studies. The training will include in class lectures and hands-on experiments in the laboratory equipped with a variety of measurement tools. Subjects to be covered include electrochemistry, metal speciation, trace metals and their isotopes.

Organizing Committee

Dr. George Luther III, University of Delaware, USA

Dr. Edward Boyle, Massachusetts Institute of Technology, USA

Dr. Deli Wang, Xiamen University, China

Dr. Minhan Dai, Xiamen University, China

Dr. Yihua Cai, Xiamen University, China

Confirmed lecturers

Main lecturers

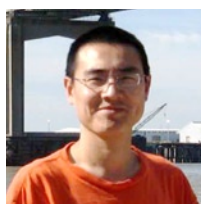

George Luther III
University of Delaware,
USA

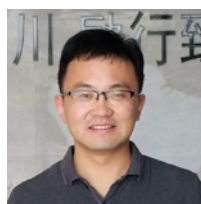

Edward Boyle
Massachusetts Institute of Technology,
USA

Guest lecturers and instructors

Yihua Cai
Xiamen University

Zhimian Cao
Xiamen University

Minhan Dai
Xiamen University

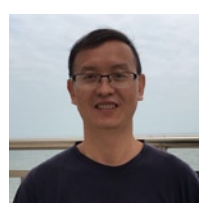

Dalin Shi
Xiamen University

Mustafa Yucel
Middle East Technical
University, Turkey

Deli Wang
Xiamen University

Kuanbo Zhou
Xiamen University

How to apply?

Participants:

The course is open to 30 PhD students and early career scientists interested in metal speciation and biogeochemistry in the ocean. Please complete the included application form and submit online by Feb 23, 2018.

Fees:

Registration fee is 2000 CNY, which covers local accommodations, meals, local transportation, and workshop materials.

Financial Support:

The workshop has a limited amount of funds and will support a limited number of eligible participants from developing countries. For those who want to apply, please complete the funding application information online.

Important deadlines

| | |
|---------------|---|
| Nov. 8, 2017 | First circular |
| Nov. 15, 2017 | Online registration open |
| Dec. 20, 2018 | Second circular |
| Feb. 23, 2018 | Registration closed |
| Mar. 16, 2018 | Notification of successful applications |
| May 11, 2018 | Arrival and check-in |
| May 12, 2018 | Training course begins |
| May 18, 2018 | Departure from Xiamen |
